

Your Roadmap for Systems-Level Community Transformation

The Impact Pathway helps communities move from shared concern to systems-level action and measurable progress. Through five practical milestones, cross-sector teams strengthen relationships, deepen systems understanding, align priorities, and establish sustainable ways of working that support long-term community impact.

Milestone	Focus	Format	Dates	Cost
1. Gather to Build Momentum	Bring together an initial cross-sector team, clarify a shared purpose, and build momentum for coordinated community action.	Kickoff Virtual Workshop	July 14, 2026 (virtual) Oct 12, 2026 (in person)	\$500 per team
2. See Your Whole Picture	Build the shared understanding, alignment, and strategic foundation needed for lasting systems-level community impact.	10 biweekly virtual sessions	Aug 2026 Feb 2027	\$7500
3. Align and Plan for Cross-Sector Impact	Develop shared priorities, coordinated strategies, and practical plans for cross-sector action and measurable progress.	5 biweekly virtual sessions + 3 monthly check-ins	Feb 2027 Aug 2027	\$5000
4. Put Your Plan Into Practice	Begin implementing strategies, tracking results, and adjusting your approach using real-time data and continuous improvement methods.	5 biweekly virtual sessions + 3 monthly check-ins	Feb 2027 Aug 2027	\$5000
5. Sustain, Celebrate, and Scale What Works	Strengthen your systems, embed new ways of working, and expand what's working to other parts of your community for lasting, scalable impact.	5 biweekly virtual sessions + 3 monthly check-ins	Feb 2027 Aug 2027	\$5000

What's Included

- Live virtual sessions and peer exchange
- Tools, templates, and milestone resources
- Access to recordings and support materials
- Optional coaching and engagement support

Start Where You Are

Communities don't need a perfect plan to begin. Whether you are just beginning to convene partners or already leading collaborative efforts, the Impact Pathway allows you to start at the milestone that best fits your current goals, readiness, and stage of development.
